

SVCHS is governed by a community board and our clinics are not-for-profit Community Health Centers. Across the nation, Community Health Centers serve as the primary medical home for over 25 million people in 9,800 rural and urban communities. In Virginia, there are 29 health center organizations operating over 140 service sites. SVCHS is a fee-for-service practice just like any other doctor's office. To assist the center in providing access to medical, behavioral health, dental and optometry care to all residents regardless of income, SVCHS receives an annual grant from the U.S. Public Health Service.

Being a community-based organization, we extend an invitation to you and your family to use our facility. We also welcome any input and comments on how we can better serve you.

Our Mission:

SVCHS is a community health care partnership serving the people of this region with compassionate, affordable, patient-centered primary and comprehensive care.

Southwest Virginia Community Health Systems, Inc. complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, sex, age or disability.

Opening doors to quality healthcare

Insurance

Our organization accepts many major health insurance plans. However, insurance plan coverage often changes, so check with your health insurance company for specific information regarding coverage services.

We also file with other private carriers as a service to our patients. This includes all services provided at SVCHS or for related services provided by SVCHS. Medicare patients' deductible is waived on office visits and other approved FQHC services.

Marketplace Insurance and Affordable Care Act assistance available at each of our clinics listed. Contact numbers are listed on back of brochure.

Appointments

Our organization uses an appointment system to reduce the waiting time for our patients. Walk-in patients are offered the next available appointment time. Emergencies are seen immediately after appropriate triage by nursing staff.

Payment

Payment is expected at the time of service. Cash, check and credit/debit cards are acceptable types of payment. Payment plans or credit may be arranged for those unable to pay their entire bill.

Depending on your family income and family size, you may qualify for REDUCED charges under our sliding fee scale program. Ask the receptionist for more information.

Patient Portal

SVCHS, INC. is now offering patients an easy and private way to access their medical information online to view personal health records. With Patient Portal, patients can request & keep track of your appointments, receive & review lab results, request prescription refills, receive educational material, send messages to clinical staff and receive health maintenance reminders. Ask your provider for your username & password.

Download the Healow App on your smartphone to access Patient Portal.
